SIDE PROJECTS

Movie Searcher

Repo

Live preview

React client for the OMDB database. Search movies by title and additional filters, get full information such as plot, actors, ratings and more.

2che Website

Repo

Live preview

The beautiful website I created from the PSD template.

Browser Snake Game

Repo

Live preview

Snake and field settings can be edited. Almost all the elements are interactive, you can drag the snake cage and drop it to the field, take the candy gift and more.

React Todo App

Repo

Live preview

Elegant todo app. Create, edit, sort, delete, save your todos enjoying a nice interface.
